Kendellhurst Academy

Professional Teachers

We have very selective hiring practices at our school. Classroom teachers are accredited and experienced Ontario Certified Teachers (OCT). Our Preschool staff are all Registered Early Childhood Educators (RECE). We also provide monthly training and promote additional certification and educational courses for our faculty to keep them updated, fresh and energized for your child. Our hand-picked faculty has been chosen to uphold the values of our school.

Small Class Size

All our classrooms offer small class size and low student to teacher ratio. This ensures more one-on-one time for every student in all subjects. The smaller school size with small class size ensures every student receives the highest education we can offer.

Nutrition

Kendellhurst offers **organic content meals, snacks and milk/juice** options for our students. Meals are prepared by a team of chefs from our caterer, Organic Kids Catering: www.organickidscatering.com. Better food for a better learning context!

Educational Outcomes

With a dedicated team of skilled teachers, we work to exceed the Ontario Curriculum in all areas of study: language arts, mathematics, science, etc. Learning progresses steadily in each grade, building on our students' knowledge and self-esteem. Our program allows our students to learn steadily in a fun and relaxed environment. Give your child a springboard to success with Kendellhurst Academy!

After School Clubs

We have fun after school clubs including: Mandarin, Culinary Arts, Lego Robotics, STEM, Woodworking, French, Art and more. Clubs are taught by classroom teachers and are included in tuition!

Summer Camp

Kendellhurst offers exciting camps for March Break and Summer. Each week we incorporate a different theme including Culinary Arts, Crazy Science and Ecosystems, Sports, Swimming and Drama. For more information visit <http://www.kendellhurst.com/SummerCamp.pdf>

Kendellhurst Academy

About Us

Kendellhurst Academy's Grade School in Mississauga is a boutique type school offering an enriched academic curriculum and a well rounded school experience. We are centrally located in the Credit Valley surrounded by parklands, local Streetsville community amenities and the entire City of Mississauga! Our school campus has a full gymnasium with stage, soccer field, basketball court and two separate play yards. We have numerous oversized classrooms with large picture windows allowing plenty of natural sunlight in, as well as an inviting library with full computer lab! From our character building to social responsibility programs, we believe in moulding democratic and active citizens in our school! Our school pedagogy builds upon the communities of inquiry model of education, encouraging young students to hone their ability to think critically about the world around them. This way of doing and being in the world creates a citizenship of learners within our school, affecting the broader world. Empirical, hands-on learning makes our curriculum grounded in the real world, inviting students to grasp the important connections between books and life experience. Our well rounded curriculum with a daily French program, weekly music lessons, fun physical education classes, exciting field trips and many after school clubs awaits your child! **Check our website at www.kendellhurst.com for open house event dates, or call us at 905-813-8000 to book your personal tour. We look forward to meeting your family!**

Paula Carrasco-Kendell, Hon. B.A., B. Ed. (OCT), M.A.T., M. Ed.

Kendellhurst Academy

Science and Technology

Our science lab engages students in hands-on experiments, concepts and learning. From building bridges to looking at life under the microscope, science is incorporated into each classroom beginning in JK. Kendellhurst provides a strong curriculum with computers integrated into every classroom from JK to Grade 8. Our computer lab is equipped with PC, Mac and Ipad technology. Students learn keyboarding, educational software, Word, Excel, PowerPoint, Numbers, Pages, Keynote, as well as internet research and safety.

Art, Music and Drama

The arts are vital for students to develop a well-rounded education. Music begins in preschool with basic percussion, recorder starts in JK/SK advancing to guitar, piano and woodwinds in higher grades. Visual art begins in preschool and advances with each grade to allow students to develop their skills. Drama begins in JK with all students participating in our school wide concerts.

Advanced French Language

Our fluent French teacher leads a daily curriculum that is student centered, fun, interactive and exciting! Our balanced focus is on reading, speaking and writing en Français! Our tailored curriculum is fun, hands-on and engaging, beginning in preschool and building through to grade 8.

Full Time Programs

Please phone our School Supervisor to book a tour and review our parent information package which outlines programs and corresponding tuition rates. Spaces are limited!

Professional Teachers

We have very selective hiring practices at our school that exceed the Ministry guidelines. Every classroom and assistant teacher is an accredited RECE and/or OCT. We also provide monthly training and promote additional certification and educational courses for our staff to keep them updated, fresh and energized for your child. Our hand-picked team has been chosen to uphold the values of our school.

Nutrition

Kendellhurst provides all organic content meals and snacks for your child. We greatly exceed the Canada Food Guide for preschool children. We serve a substantial morning and afternoon snack and a chef prepared hot lunch with organic milk and vegetables. We understand that children need the fuel to drive their imaginations! Kendellhurst uses Organic Kids Catering as our meal provider (www.organicfoodsforkids.com).

Educational Outcomes

With a dedicated team of skilled teachers, our graduating kindergarten students consistently exceed the Ontario Curriculum in all areas of study: i.e. reading, mathematics, printing, science, etc. Learning progresses steadily in each age grouping, building your child's knowledge and self-esteem. Our program allows your child to grow and learn in a fun and relaxed environment. Mathematics, geography, social studies, science and language arts play a key role in helping your child learn about the world, and prepare him/her for success in grade school. In our complex world, it is of utmost importance to prepare our children with a sound, nurturing early educational experience as a springboard for future success.

Calling all Parents!

Our school encourages parental involvement. We have an open door policy. Parents are welcome to set appointments with their child's teacher as they see fit. We also invite you to participate in field trips or come to our various events such as Parent Breakfasts and Parent with Teacher Conferences.

Kendellhurst Academy

Becoming me through mind and spirit!

Kendellhurst Academy offers your child an educational experience at day care hours. We are a private preschool located in North Oakville, at Neyagawa Boulevard and Dundas Street. We are open throughout the year.

The Kendellhurst philosophy of "nurturing the preschooler's mind and spirit" is of utmost importance every moment of the day. Our school is committed to a curriculum that encourages both cognitive and creative growth. Since each day invites new experiences and knowledge, our teachers present the best opportunities for your child to learn about his or her world. Though we structure the daily planner for each class, our teachers understand that every child has a different learning curve. Fittingly, the duty of the teacher is to facilitate individual learning at all times. Children have an inherent need to acquire knowledge which is especially pronounced during the preschool years. Kendellhurst provides a safe, positive, nurturing environment so your child can become his or her best. Moreover, by speaking, acting and being gentle towards your child, we instill values which he or she will reciprocate to the world. Since every child must learn to cope in the complex world, we offer a strong foundation built on positive self-esteem, knowledge and experiences. We look forward to giving you a tour of our facility, and answering any questions you may have regarding our philosophy, school life and tuition.

Paula Carrasco-Kendell, Hon. B.A., B. Ed. (OCT), M.A.T., M. Ed.
John Kendell, Hon. B. Sc.

School Administrators/Owners, Parents

Kendellhurst Academy

The Classroom

Below is a partial description of our classrooms. Do come in and see how it all works in motion.

Learning Tree (mural)

We exchange ideas, tell stories and sing songs "under the tree".

Arts and Crafts Studio

Children get sticky and messy while they enjoy working on activities relating to the weekly learning theme.

Sensory Play Station

Water, sand and more are explored in different and interesting ways!

Dramatic/Imaginative Play

Children travel the world, become kings and queens, or take on various occupations. Watch what you say and do because your little one could mimic you!

Academic Excellence

In order to prepare your child for grade one, our academic plan is adapted from the Ministry of Education. Please come in to see our curriculum overview which includes a French language component, math, science, early reading programs and printing skills development.

Computer Lab

Our Kindergarten program incorporates computers into the daily classroom curriculum. Children learn keyboarding skills while enjoying educational programs.

Library

A place to read books, listen to books on tape, have one-on-one reading time with the teacher, or just look at pictures.

Outside of the Classroom

An exciting fully enclosed play area with slides, trikes and many outdoor activities awaits. Children enjoy our safe play structure, outdoor sensory bin and child sized doll house. Kindergarten classes also have walking trips in our immediate neighbourhood to the dentist, optometrist, flower shop, local trails and more!

Storytelling

We considerably value the art of storytelling. In addition to our classroom book nooks, our school is equipped with its own library. Reading circles are a common sight in all classrooms. We also have a strong, age appropriate reading program for our children at Kendellhurst.

Music and Dance

Music is important to the development of mind and spirit. Instrumental classical and jazz have been especially known to stimulate the child's mind at a deeper level. These complex melodies seem to resonate with the young soul. Today, in our busy world, we tend to ignore the value of music on the development of the child's spirit. We have not forgotten music at Kendellhurst. In each classroom you will hear the sounds of Bach, Mozart, Vivaldi and company. We also appreciate your child's contributions to the world. Our school offers a basic music program. Students sing, shake and boogie to the treasured songs of Mother Goose and friends. Children enjoy learning about and manipulating basic percussion instruments in this program.
